8600 Jog Road

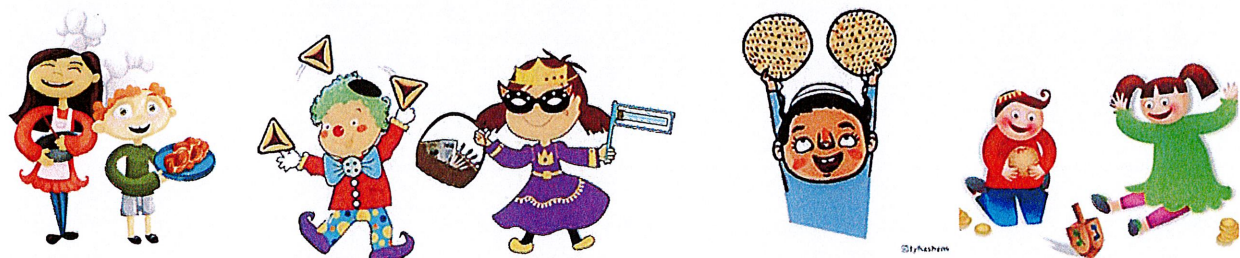

Boynton Beach, Fl., 33472

Curricular Overview

During kindergarten, students are introduced to major Jewish holidays.

Learning at this young age relies on a number of hands-on activities such as crafts, music, cooking, and storytelling to engage young learners.

Furthermore, they are introduced to the aleph-bet (Hebrew alphabet). It is a joyful thing to see our children understand, experience, and celebrate their Jewish origins, holidays, and links to Israel and Israeli culture through Hebrew.
